INSTITUTE

SERVING RURAL NEVADA: AN INTRODUCTION TO THE RURAL COUNTY HEALTH OFFICER POSITION

This training will provide an overview of the county health officer position and the Nevada public health system; strategies to engage the local board of health; and tools to effectively communicate with the community.

Registration is free!

Create a free account at the link below and dive into asynchronous learning!

Upon completing this course, participants will be able to:

- 1. Describe the roles and responsibilities of the county health officer
- 2. Identify key contacts in the Nevada public health system
- 3. Outline successful strategies for leading a local board of health meeting
- 4. Describe tools to implement health communications
- 5. Understand the policy that shapes the US healthcare system
- 6. Outline strategies to address burnout
