

Nevada matters. Be counted.

## NEVADA CENSUS 2020 FACT vs FICTION

### FICTION

The 2020 Census isn't really that important, and it's not a big deal if you don't participate. There's always another one in 2030.

### FACT

**Every 10-year census is important to Nevadans. Accurate data helps determine how much federal funding goes to Nevada to:**

- Help our schools
- Support public safety like fire and police
- Repair and maintain our roads and other important
- Promote affordable housing
- Support local hospitals and health care programs

The Census Bureau will use your personal information and share it with other federal agencies to determine citizenship status.

**No. There are strict laws to protect your personal information and prohibit Census employees from sharing information that identifies an individual. The data is only used to determine how much federal funding goes to your community.**

The Census questionnaire is too long and complicated to fill out.

**The 2020 Census is fast and easy to complete! It takes about ten minutes to do. You can complete your form in one of three ways:**

- Online
- By phone
- In writing

Nevada matters. Be counted.

**FICTION**

The 2020 Census questionnaire asks about your citizenship status.

**FACT**

**No. The 2020 Census WILL NOT ask for: citizenship status, Social Security numbers, bank or credit account numbers, money or donations, anything about or on behalf of a political party.**

Federal funding will be given to Nevada regardless if you participate in the Census.

**No. Nevada stands to receive over \$20,000 over the next ten years for each man, woman, and child who is counted in Nevada. If even one person isn't counted in Nevada, it means the \$20,000 of funding that rightfully belongs in Nevada will go to another state.**

The funding isn't that much and doesn't make an impact.

**Nevada is able to receive more than \$60 billion of federal funding over the next ten years that is used at county and city levels for education, roads, affordable housing projects, health care, public safety, job training, and other programs that help improve Nevadans' daily lives.**

# Resolution

## *of the Nevada Association of Counties*

**20-02**

### **A RESOLUTION IN SUPPORT OF THE RECENT DECISION OF THE BOARD OF THE FUND FOR HOSPITAL CARE TO INDIGENT PERSONS**

**WHEREAS**, the Nevada Association of Counties (NACO) is the Organization whose members are all seventeen of Nevada's counties; and

**WHEREAS**, Counties play a critical role in providing the safety net for Nevada's most vulnerable; and

**WHEREAS**, Counties are responsible for 100% of the non-federal share of the Medicaid Long Term Care program, which provides long term care to the elderly, disabled, and children who cannot care for themselves; and

**WHEREAS**, NACO and Nevada's counties also partner with Nevada's hospitals to support indigent medical care through the Fund for Hospital Care to Indigent Persons (IAF); and

**WHEREAS**, the IAF Board recently approved an increase to the amount the Fund will pay to assist counties with their Medicaid Long Term Care obligation, while ensuring that Nevada's hospitals also retain a substantial benefit from the IAF fund.

**NOW, THEREFORE, be it Resolved**, that, on behalf of all seventeen of Nevada's Counties, the NACO Board officially supports the IAF Board regarding the decision that the IAF Board made on February 7, 2020, to provide \$8 million in funds to Nevada's counties to help pay for county long term care obligations and support for Nevada's most vulnerable;

**NOW, THEREFORE, be it Further Resolved**, that the NACO Board also supports the provision of additional funds to counties in future years from the IAF, as available from the 1.5 cent property tax contribution that each Nevada county makes, for the purpose of helping counties support the Medicaid Long Term Care program;

**NOW, THEREFORE, be it Further Resolved**, that the NACO Board supports the full amount of Hospital Unmet Free Care Contributions in the IAF be used, in this year and future years, for either transfer to Nevada Medicaid to provide the non-federal match for additional federal supplemental payments to hospitals, or to be used to help pay hospital claims for the indigent.

**PASSED, APPROVED AND ADOPTED** this 21st day of February, 2020 by the Board of Directors of the Nevada Association of Counties.
